Madras University
CGPA - 7.00

B.COM - Computer Application
2018 - 2021
EGS pillay arts and science college
CGPA - 7.99

CERTIFICATION

MERN development
@**EMC**.
Certificate Number
VO6F31W1

PROFILE SUMMARY

Highly motivated Full Stack Web Developer (Fresher) with expertise in HTML, CSS, JavaScript, React.js, Node.js, and MongoDB. Proficient in designing, developing, and deploying scalable web applications. Eager to join a dynamic team and contribute to innovative projects.

PROJECT

Project - 1

E-Commerce Website— MERN

(React.js, Node.js, Express.js, MongoDB) (Using MERN stack -on process)

- Developed a full-stack e-commerce platform using the MERN stack, enabling product search, category and price filters, and seamless shopping cart integration.
- Implemented user authentication and authorization, ensuring secure and personalized shopping experiences with individual user accounts.
- Integrated Stripe payment gateway, providing secure and efficient checkout functionality, with real-time transaction handling.
- Managed the Mongo DB database for efficient data storage and retrieval.
- Built product review and rating features, allowing customers to leave feedback, and enhancing user engagement and trust in the platform.

Project - 2

Task Manager— MERN

(React.js, Node.js, Express.js, MongoDB) (Using MERN stack -on process)

- Developed a full-stack task manager app using the MERN stack, enabling users to add, update, and delete tasks
- Integrated Redux for efficient state management in React, ensuring seamless data sharing across components.
- Implemented backend authentication using Node.js and Express, storing tasks in a database for persistent access.

SOFT SKILLS

1. **Communication**: Effective communication to facilitate collaboration and understanding.
2. **Adaptability**: Quick to adjust and thrive in changing environments.lving complex issues.
